this is only for college student so that they can fulfill their dreams to travel different places with cheaper rates.

REQUIREMENTS

WE REQUIRE FOUR MAIN LANGUAGES TO BULID THIS PROJECT WHICH ARE:

1

2

3

4

-HTML-

HYPertext Markup
Language

-CSS-

Cascading Style
Sheets

-JS-

JAVASCRIPT

-MONGO DB-

NOSQL DATABASE
MANAGEMENT PROGRAM

WHAT IS HTML?

To understand "HTML" from front to back, let's look at each word that makes up the abbreviation:

Hypertext:

text (often with embeds such as images, too) that is organized in order to connect related items

Markup:

a style guide for typesetting anything to be printed in hardcopy or soft copy format

Language:

a language that a computer system understands and uses to interpret commands.

HTML determines the structure of web pages. This structure alone is not enough to make a web page look good and interactive. So you'll use assisted technologies such as CSS and JavaScript to make your HTML beautiful and add interactivity, respectively.

*** CSS

Cascading Style Sheet, it is a style sheet language used to shape the HTML elements that will be displayed in the browsers as a webpage. Without using CSS, the website which has been created by using HTML, will look dull. Basically CSS gives the outer cover on any HTML elements.

• • •

About javascript

JavaScript often abbreviated to JS, is a programming language that is one of the core technologies of the World Wide Web, alongside HTML and CSS.

JavaScript to program the behavior of web pages

The logo for JavaScript, featuring the word "JavaScript" in a bold, red, sans-serif font. A stylized red flame or swirl icon is positioned above the letter "J".

JavaScript™

MONGO DB

MongoDB is an open source NoSQL database management program. NoSQL is used as an alternative to traditional relational databases. NoSQL databases are quite useful for working with large sets of distributed data. MongoDB is a tool that can manage document-oriented information, store or retrieve information.

FRONT PAGE

WORKING

The image shows a tropical beach with numerous palm trees standing on a sandy shore under a bright blue sky with scattered white clouds. In the distance, a few small boats are visible on the water. On the left side of the image, there is a white rectangular overlay containing a form for a "TRIP PLANNER". The form includes fields for entering personal information: Name, Age, Gender, College Name, Phone Number, and Email. It also features a "Submit" button at the bottom.

ABOUT

The website features a dark wood-grain background. In the upper left corner, there's a circular logo with a blue and orange design, labeled "TRIP PLANNER" below it. A silver camera is positioned in the lower-left area. To the right of the camera, a dark circular badge contains the number "40". Next to the badge, the text "COLLEGES AFFILIATED" is written. In the center, the words "Welcome To Trippy" are displayed in a large, white, sans-serif font. At the top right, there are three buttons: "Home", "About Us" (which is underlined), "Call Us Now", and "Email Us". On the right side, a dark rectangular box contains a detailed paragraph about the travel agency's services and focus.

All India Travel Agency is a premier travel group headquartered in New Delhi, India. As an integrated travel group, we offer the complete range of services associated with vacationing and travel in the Indian Sub-continent. Our core focus in Leisure Travel and Destination Management. TOUR TRIP||Package-1

NEW DELHI TO NAINITAL

You can choose to either arrive in Nainital a night before or embark on the journey on the day itself. The distance between New Delhi and Nainital is about 310 km and should take around 8 hours to cover. If you are travelling during the day, get some rest and have some food before ticking off at least of Nainital's must-visit attractions-Naini Lake.

PACKAGE-1

NAINITAL ATTRACTIONS

Places covered: Tiffin Top, Eco Cave Garden, Kainchi Dham From a science institute and a zoo to a revered pilgrimage centre – Nainital has something to offer every type of traveller. Explore Nainital's quaint charm in the hamlets of Kulbury and Pangot and get a bird's-eye view of the town and its eponymous lake from inside a cable car. For a more leisurely experience, you can try boating at Naukuchiatal. Do not miss Kainchi Dham that was visited by Steve Jobs (founder of Apple) and Mark Zuckerberg (founder and CEO of Facebook). For thrill-seekers, Nainital offers a host of adventure activities too.

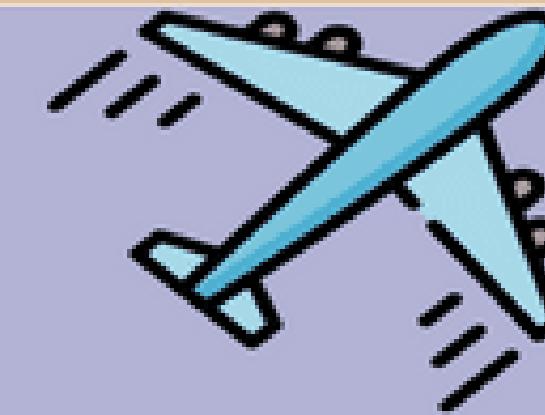

PACKAGE-1

TRANSPORTATION

Nainital is well-connected by motorable roads from all the major destinations in Uttarakhand. Buses also regularly run from ISBT Kashmere Gate, New Delhi, to Rishikesh, which is about 250 km from Nainital.

The nearest air hub to Nainital is Pantnagar Airport in Udhampur (around 69 km away), which is connected to New Delhi by regular flights. You can avail buses, taxis and cabs from the air base to reach Nainital.

You can reach Kathgodam Railway Station by train and it is 23 km away from Nainital. Any Major city of India has trains to Kathgodam railway station. A popular Train called Ranikhet Express runs from New Delhi & Kathgodam. After reaching there you can take a bus to reach Nainital.

PACKAGE-1

Itinerary Nainital

Destination: Nainital

Duration: 2 days, 1 night

Distance: 310 km from New Delhi

Experience: Nature, adventure

Budget: Approx INR 3,000 per person

Information about the user is saved in the database.
